

Nonprofits and Commercial Content: Requesting Donations

Open Signal's policies allow for public benefit, nonprofit organizations to request donations on our cable channels. Requests for donations must not violate our noncommercial policy, Grant Agreement with the City of Portland, 501(c)(3) nonprofit status, and align with our mission and values. To request donations for your nonprofit, please follow the guidelines outlined below.

Nonprofit Status

Nonprofits requesting donations on Open Signal's cable channels must be tax-exempt; registered; certified and active as a **public benefit nonprofit organization** by the Oregon Secretary of State; and **registered and in good standing** with the Oregon Department of Justice. A nonprofit federal tax ID number is required for Open Signal to consider the request.

Mutual Benefit and Religious nonprofit organizations may apply to request donations on Open Signal's cable channels — however, donations requested must be dedicated for public or charitable projects or programs that align with Open Signal values: to build digital inclusion and equity; to elevate diverse culture and art; and to honor all people regardless of ethnicity, religious beliefs, political affiliation, gender identity, sexual orientation, socioeconomic status, physical or mental ability; or illness.

Disclosure of Intent to Request Donations Prior to Airing on Cable Channels

The community producer of record must disclose to staff if a public benefit nonprofit being featured on their program will be requesting donations before the program airs. Requests must be submitted by the producer by emailing the Distribution Manager at distribution@opensignalpdx.org or calling (503) 288 - 1515 ext. 301. The nonprofit's federal tax ID number is required.

Staff will conduct online searches: 1) at the Oregon Secretary of State website to ensure the nonprofit is an active, public benefit nonprofit, and 2) at the Oregon DOJ website to ensure the nonprofit is registered and in good standing.

Mutual Benefit and Religious nonprofits must submit their request *at least two weeks prior to recording or live cablecast*. Requests must be submitted by the community producer of record and may be submitted by emailing the Distribution Manager at distribution@opensignalpdx.org or calling (503) 288 - 1515 ext. 301. Information provided must identify: the project or program to receive the donations, how the

donations will be spent, and the intended outcome/impact in the community. Links to website info, promotional content and press releases are encouraged. **The nonprofit's federal tax ID number is required.**
